Adoption of green technologies

1249. SHRIMATI SHOBHNA BHARTIA:
SHRIMATI SUPRIYA SULE:

Will the PRIME MINISTER be pleased to state:

(a) whether Government took its first steps towards aligning India with the goal of sustainable development which would include adoption of green technologies to meet the challenge of climate change by acknowledging that global warming had serious India-specific implication;

(b) whether Government agreed that India needed to chart out a roadmap for itself in the light of the report of the Inter-Government Panel on Climate Change which made it evident that effects of global warming had already arrived; and

(c) if so, what are the concrete measures and the steps Government are considering in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI NAMO NARAIN MEENA): (a) Yes, Sir. Our development plans while targetting an accelerated economic growth, are guided by the principles of sustainable development with a commitment to a cleaner and greener environment.

The UN Framework Convention on Climate Change recognises that as the developing countries grow, their emissions are bound to increase. Although India as a developing country does not have any mitigation commitments, nevertheless, we are following a sustainable development path through range of policies and programmes to mitigate climate change, some of which are:

(I) ensuring energy conservation and improved energy efficiency in various sectors as well as setting up of Bureau of Energy Efficiency

(II) promoting use of renewable energy

(III) power sector reforms and active renewable energy programme

(IV) use of cleaner and lesser carbon intensive fuel for transport

(V) fuel switching to encourage cleaner energy

(VI) afforestation and conservation of forests

(VII) promotion of clean coal technologies

(VIII) reduction of gas flaring

(IX) encouraging Mass Rapid Transport systems

(X) environmental quality management for all sectors

(b) and (c) The Government has set up "Expert Committee on Impacts of Climate Change". The Terms of Reference of the Committee are to study the impacts of anthropogenic climate change on India and to identify the measures that we may have to take in the future in relation to addressing vulnerability to anthropogenic climate change impacts and any other matter relevant to these.
